

ITA is Moving!

ITA will be moving to a new location soon. I will see my therapist at the new office in a few weeks. Here's a picture of the new building!

The new office will look different but will have all of the same people and same items that I like to use in my sessions. Here's the front door where I will walk in!

ITA is Moving!

When I walk in the front door, I will see the elevator. I can press the button to go to the second floor. When I get off the elevator, I will see the new lobby. I can wave hi to the staff!

ITA is Moving!

When it's time to go to my session, my therapist will greet me in the lobby. We can walk down the hallway together to the therapy room. Here's a picture of the hallway!

I can be excited to see the new office and the new therapy rooms. The new space might look different, but I can still use all of my favorite items and have fun!
