INTRODUCTION

Institute for Therapy through the Arts (ITA) invites you to sponsor our annual Healing Arts Celebration on **Saturday, April 10, 2027.** This signature fundraising event brings together community leaders, supporters, and advocates to celebrate the transformative power of the arts and expand access to Creative Arts Therapy and mental health services.

For more than five decades, ITA has helped individuals across the lifespan create, grow, and heal through the creative arts. Our work is grounded in research, guided by compassion, and dedicated to strengthening health, relationships, and meaningful human connection.

Our Mission

Empowering individuals, families, and communities to grow and heal through advanced approaches in Creative Arts Therapy, setting the standard for treatment, practice and training within the field.

What We Do

ITA provides client-driven, strengths-based therapy through four primary creative arts therapies: art, dance/movement, drama, and music therapy, led by credentialed therapists with specialized training. Our services support people across the lifespan and are offered in a wide range of setting – including schools, clinics, hospitals, community centers, and via tele-health – so care remains accessible and responsive to each client's unique needs.

Your sponsorship helps bring the healing power of the arts to more individuals and families, creating opportunitites for connection, expression, and growth. Together, we can help people find their light.
